## Installation Procedure

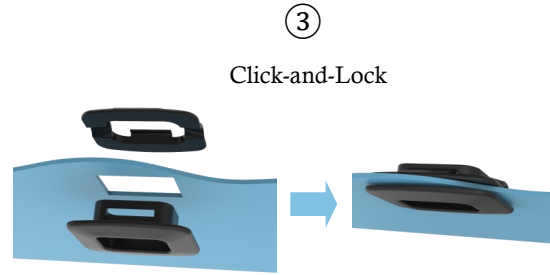

① Make appropriate die cuts on the inner and outer panels.

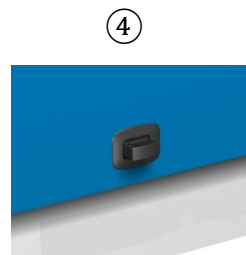

② Align the twist lock front and its rear plate with the die-cut. Snap to lock in place.

③ Align the rectangular fitting front and its rear plate with the die-cut. Snap to lock in place.

④ Insert the twist lock into the rectangular fitting. Twist 90 degrees to lock in place.

\*\*\* This product is designed for .04”-.06” panel thickness.
