PP400WL PALLET CLIP

**Big Valley Packaging "BClips"** are easy to use jointed plastic fasteners for corrugated box designs. Innovative and creative for over 30 years. Eliminate the need for strapping and re-taping by using our snap in fasteners. Design your corrugated box pack with die cut holes, and then simply "pop" in our *B-clip* box clips!

Our customers save time packing, unpacking, and repacking which can be crucial in assembly line production environments.

**B-clips** help to create reusability, and recycling programs.
